

ASE CERTIFICATION SUPPORT

**Your Auto Pride Distributor Will Reimburse Up To
\$40.00**

Per Service Center For Technicians Who Pass The ASE Certification Test

ASE's mission is to improve the quality of vehicle repair and service in the United States through the testing and certification of automotive repair technicians. Passing the ASE certification test has become a valuable yard stick by which to measure the knowledge and skills of individual technicians as well as the commitment to quality of the repair facility employing ASE certified technicians. Consumers have come to know the ASE shoulder patch or the credentials which are displayed in the waiting area.

Any Installer who is signed up and participating in the Auto Pride Auto Service Experts program can qualify for the ASE reimbursement. Fill out the information below and mail or fax it to the Auto Pride office with a copy of the test results showing the technician passed. Your reimbursement will be processed within 30 days. The ASE tests are taken twice a year, May and November.
